Re: Service First Barrel and Drum Site
Closeout of Administrative Order on Consent for Removal Action
EPA Docket Number CERCLA-08-2002-01

Dear Mr. Randall:

EPA is in receipt of your client's Final Report and their Certification of Completion, dated and submitted on August 5, 2002, pursuant to requirements under the Administrative Order on Consent for Removal Action, EPA Docket #CERCLA-08-2002-01 (the "Order"). I have read their submittal, approve the Final Report as written, and have determined that your client has complied with the terms of the Order.

In accordance with Section XVIII of the Order (Notice of Completion), this letter will certify completion of all physical work required under the terms of the Order and its work plan, and that no further removal activities by your client are contemplated to be necessary under the Order.

Be advised, however, that the termination of physical work under the Order does not terminate your client's obligation to comply with any continuing requirements of the Order, including, but not limited to, record retention.

If you have any questions regarding this matter, please don't hesitate to contact me at (303) 312-6809.

Sincerely,

Hays Griswold, On-Scene Coordinator
Site Assessment, Emergency Response
and Preparedness Program
